Welcome Williams Alexander

Agent Settings

This three-step process will guide you through setting up your credentials. Once completed, you'll have successfully configured and activated a credential, allowing access and communication within the data space.

Keypair

In this step, a new keypair is created within the agent. You can either generate a new one or import an existing keypair.

New Keypair +
Generate new
Import new

Welcome Williams Alexander

Agent Settings

This three-step process will guide you through setting up your credentials. Once completed, you'll have successfully configured and activated a credential, allowing access and communication within the data space.

Keypair

In this step, a new keypair is generated and stored in the agent.

Generate keypair

Keypair name * first-keypair

Cancel Generate keypair

Welcome Williams Alexander

Agent Settings

This three-step process will guide you through setting up your credentials. Once completed, you'll have successfully configured and activated a credential, allowing access and communication within the data space.

CSR

A Certificate Signing Request (CSR) will be generated and associated with the selected keypair. Once created, you can download it and submit it to the Governance Authority to complete the onboarding process.

Name	Export CSR
first-keypair	

Items per page: 5 Showing 1-1 of 1

Action Complete
Keypair successfully generated and stored in the agent configuration.

Url: <https://<participant-frontend>/participant-utility/agent-configuration>

Usuari: a.w

Generam les parelles de claus.

This screenshot shows the "Agent Settings" step of a three-step process. The top navigation bar indicates "Welcome Williams Alexander". The progress bar shows "Keypair" (step 1) is completed, "CSR" (step 2) is in progress, and "Credentials" (step 3) is pending. The main content area is titled "CSR" and describes the generation of a Certificate Signing Request (CSR). It includes a table for exporting the CSR:

Name	Export CSR
first-keypair	(highlighted with a red circle and arrow)

Below the table are pagination controls: "Items per page: 5" and "Showing 1–1 of 1".

This screenshot shows the "CSR details" step of the process. The top navigation bar indicates "Welcome Williams Alexander". The progress bar shows "Keypair" (step 1) is completed, "CSR" (step 2) is in progress, and "Credentials" (step 3) is pending. The main content area is titled "CSR details" and asks for Distinguished Name parameters. It includes a table with the following data:

Common name (CN) *	t2.iaa-latestint-participant.dev.simpl-europe.eu
Organization (O) *	Aruba
Organization Unit (OU) *	DevTeam
Name	first-keypair
Country (C) *	IT

At the bottom right of the form is a "Download now" button, which is highlighted with a red circle and arrow.

Seguim a la mateixa url i descarreguem l'arxiu CSR.

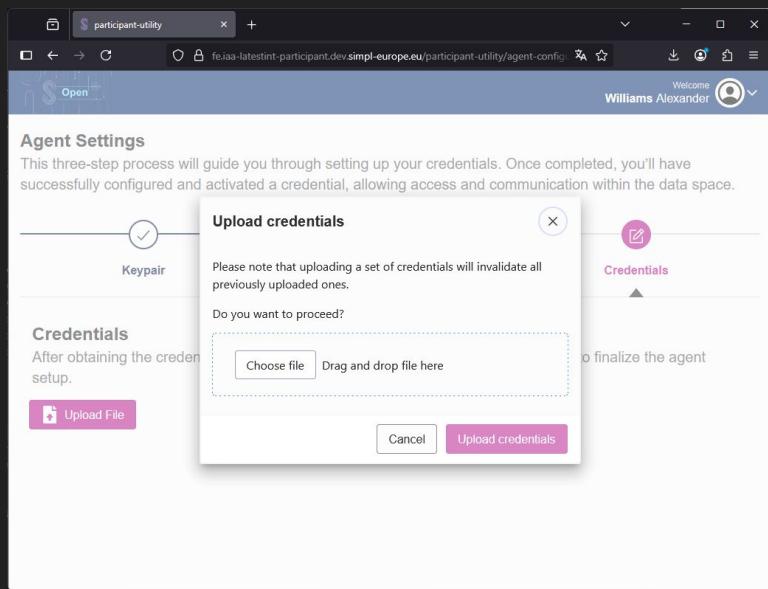

Important: al camp “common name (CN)” s’ha de posar el domini de la tier2-gateway de vostre agent (data provider/consumer), no el de la tier2 de la governança.

This screenshot shows the 'onboarding' application page for 'Additional Request'. At the top, there are three buttons: 'Upload credential request' (highlighted with a red arrow), 'Download credentials', and 'Submit application request'. Below this, a table displays the 'Request status' (APPROVED), 'Participant type' (Data Provider), and 'Last update date' (09/07/2025). The 'Documents' section contains a single entry: 'Identity Card' (application/pdf, Mandatory, id-card-sample.pdf, 18.81Kb, Upload date: 09/07/2025). At the bottom are 'Download', 'Upload', and 'Delete' buttons.

At the bottom are 'Download', 'Upload', and 'Delete' buttons. A sidebar on the right shows uploaded files: 'certificate.pem' (Aprile file) and 'csr.pem' (Completo — 975 byte). There is also a link 'Visualizza tutti i download'.

Url: <https://authority.fe.authority01.ibtourismdataspace.org/onboarding/application/additional-request>

Des del frontend de s'autoritat pujarem l'arxiu CSR que ens hem descarregat a l'anterior pas. Automàticament se descarregarà l'arxiu "certificate.pem"

This screenshot shows the "Agent Settings" list view. A table displays one item: "first-keypair" (Active: Yes, Creation date: 02/09/2025). The table includes columns for Active, Name, Creation date, and Export CSR. A "Filters" sidebar is on the left. At the bottom right is a success message: "Action Complete" with a note "Credentials successfully uploaded and stored in the agent".

Active	Name	Creation date	Export CSR
Yes	first-keypair	02/09/2025	

Action Complete
Credentials successfully uploaded and stored in the agent.

Url: <https://<participant-frontend>/participant-utility/agent-configuration>

Usuari: a.w

Finalment des del frontend del data provider/consumer, pujam l'arxiu "certificate.pem".
